NCREIF Information Management Committee – Sample Workflow

Multi-Party Workflow Example: Valuation of Existing Asset from Appraisal to Final Booking

Systems: Workflow Technology/System of Record for Valuations Data Warehouse ERP

Internal Parties: Valuation Manager Portfolio Manager Asset Manager Accounting Manager IT/Tech (support, not in workflow)

External Parties: Appraiser (Independent) Property Manager Debt Valuation Provider Auditor Fund Administrator Technology Partner/Consultant (support, not in workflow)

Discovery: What questions need to be answered by key stakeholders in this process? What are the roles and responsibilities?

Setup/Training/Implementation: What is the order and the timeline for the implementation? System task automation and notifications.

Step No.	Parties Involved	Timeline (days)	Description
1	Valuation Manager	T zero	Kickoff asset valuation – solicit bids from
			Appraisers
2	System Task	T zero	Appraisers notified of bid opportunity.
3	Appraisers	T+3	Respond to bids.
4	System Task	T+3	Valuation Manager notified of receipt of
			bids.
5	Valuation Manager	T+4	Reviews bids, makes award,
6	System Task	T+4	Notifies Appraisers and sends out digital
			engagement letter to Appraiser with the winning bid.
7	Appraiser	T+5	Executes engagement letter
8	System Task	T+5	Automatic notification sent requesting property level information upload from Property Manager and Asset Manager within 5 days.

Steps: This is a very basic rough list of steps – can be refined and expanded, lots of options.

9System TaskT+10Notification to Appraiser of property upload. If information is not upload the due date sends notifications to property Manager, Asset Manager, Valuation Manager.10AppraiserT+11Download of property level documentation.11AppraiserT+41Upload of draft appraisal and popul- of key valuation metrics in system or record.12System TaskT+41Validate key valuation metrics, send notifications to Valuation Manager and Asset Manager.13Asset ManagerT+46Asset Manager provides review comments in system of record14Valuation ManagerT+46Valuation Manager provides review comments in system of record15System TaskT+50Appraiser notified of pending review comments.16AppraiserT+57Valuation Manager adds supplements.18System TaskT+57Appraiser notified of supplemental review comments.19AppraiserT+59Appraiser responds to supplemental review comments.20System TaskT+59Valuation Manager notified of review comments.	ed by and ation f nd s ents.
